HighTechU

Empowering Future Innovators

slack

Slack

hightechuacademy.slack.com

Slack is where work flows. It’s where the people you need, the information you share, and tools you use come together to things done.

Features

- Direct Messages
- Create Channels (using ‘#’)
- Comments, Post, Code/Snippets
- Third party apps integration

Hands-on

Login

hightechuacademy.slack.com

(Please type the above link in browser)

Start a Chat/Conversation

(Using ***"Direct Messages"*** option)

Start/Join a #Channel

Using *“Channels”* option

Chat with Yourself

(Try the ***/todo*** and ***/remind*** features)

Stretch Goals

- Edit your profile
- Import/Add an emoji
- Call someone
- Screen Share with someone
- Install the Slack app on Phone/Desktop

Few Instructions!!

- Use this channel for HighTechU purpose
- Try to be clear and professional when sending a message/post
- No Direct Messages on Slack. In any case you have to, there has to be an admin/staff member added in that conversation. Admin/staff member will not be commenting/interrupting in the channel but this is mandatory.
